

## Introduction

The government plan is for the return of all pupils from September 2020: <https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools>

School employers and leaders are required by law to think about the risks the staff and pupils face and do everything reasonably practicable to minimise them, recognising they cannot completely eliminate the risk of coronavirus (COVID-19). School employers must therefore make sure that a risk assessment has been undertaken to identify the measures needed to reduce the risks from coronavirus (COVID-19) so far as is reasonably practicable and make the school COVID-secure. General information on how to make a workplace COVID-secure, including how to approach a coronavirus (COVID-19) risk assessment, is provided by the [HSE guidance on working safely](#).

This risk assessment checklist/tool is based on Government guidelines on COVID-19 as at 2<sup>nd</sup> July 2020 **and has been updated on later guidance from 27<sup>th</sup> July 2020**. It is provided to help schools to prepare and decide arrangements for an increased number of children attending/returning to school. It remains subject to change at a short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). [EYFS guidance](#) should be considered for Nursery Schools and Nursery Classes. Separate guidance is available for Special Schools and is not considered in this tool.

**Any updates to the Risk Assessment will be identified in the version control table from p6 onwards.**

The completion of this tool/checklist should not be undertaken in isolation by one individual and should involve staff who understand the risk assessment process. Once completed, the risk assessment should be shared with the school's workforce. If possible, schools should consider publishing it on their website to provide transparency of approach to parents, carers and pupils (HSE would expect all employers with over 50 staff to do so). **A risk assessment should be updated and revisited regularly.**

Risk assessment is about identifying reasonably practicable measures to control the risks in a workplace or when undertaking an activity. The process evaluates the threats and risks of a specified issue/situation and enables the likelihood that somebody could be harmed, together with an indication of how serious the harm could be, to be considered.

**Likelihood** - For each issue/situation, determine the likelihood it will occur.

**Severity (outcome)** - **determine** the potential injury/health.

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

Likelihood	Severity
4 = Certain = common or frequent occurrence	4 = Major risk - death, loss of limbs, etc
3 = Probable = likely to occur sometime	3 = High risk - broken bones, burns, etc
2 = Possible = may occur sometime	2 = Moderate risk - cuts, bruises, sickness, etc.
1 = Improbable = unlikely to occur	1 = Minimal risk - strain, shaken, no injury, etc

The matrix (below) to determine the the Likelihood and Severity being independently scored and plotted.

provides a method level of risk, with

RISK LEVEL MATRIX						
PROBABILITY (LIKELIHOOD)	4	Low	High	Very High	Very High	
	3	Low	Med	High	Very High	
	2	Low	Low	Med	High	
	1	Low	Low	Low	Low	
		1	2	3	4	
		SEVERITY (OUTCOME)				

Once the likelihood and severity of the risk have been assessed they are plotted on the risk profiling grid above and the risk rating defined e.g. If a risk has a likelihood of 3 – Likely and a severity of 1 – Minimal, the risk rating will be  $3 \times 1 = 3$ . This would mean the risk is low and arrangement would be adequate. Example as follows:

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

Issue/Area to be addressed (Potential Hazard)	Current Control Measures Good Practice Control Measures Adopted	In place (Yes/No)	Further action/ Comments	Final Risk Rating
<b>Example:</b> <b>Slips, trips and falls</b> <i>There are smooth surfaces and tripping hazards around the school site with the potential to cause persons to fall over injuring themselves with multiple injuries.</i>	<ul style="list-style-type: none"> <li>• <i>Cleaning regime in place.</i></li> <li>• <i>Correct safe substance used for surfaces.</i></li> <li>• <i>Signage available.</i></li> <li>• <i>Cleaners have received training.</i></li> <li>• <i>Introduce hazard reporting system and ensure that staff are aware of school H&amp;S Policy.</i></li> <li>• <i>Undertake specific risk assessment on snow and ice.</i></li> <li>• <i>Remove all trailing cables in admin office.</i></li> </ul>	Y	Review arrangements for new staff i.e ensure the H&S policy to shared /communicated	<b>3x1=3</b> <b>Low</b>

DRAFT

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

--	--------------	---	-----	--	--------------

**16. Ensure you have considered the impact on staff and pupils with protected characteristics including race and disability in developing you approach**

<p><b>Considerations</b></p> <ul style="list-style-type: none"> <li>• Nationally the <a href="#">ONS analysis</a> has identified an increased risk of death among some ethnic groups, although this increased risk reduces when age, gender and long term conditions like type 2 diabetes, high blood pressure and kidney disease, but doesn't disappear completely and further research is needed to explore this.</li> <li>• There doesn't appear to be any different between in ethnic groups in terms of infection rates, i.e. who catches it, the difference is in the proportion who die.</li> <li>• In light of this it is important for risk assessments of individuals, staff and pupils, take this into account, the main risks are around health conditions such as <b>diabetes, kidney disease</b> and <b>high blood pressure</b>, especially if poorly controlled and also obesity has been identified as a significant risk factor. The risk of death is also higher in older people over 65yrs and men have a slightly higher rate than women. Those with respiratory conditions like asthma and chronic obstructive pulmonary disease also pose higher risks, along with auto-immune conditions. Smoking can also exacerbate the disease and lead to poorer outcomes</li> <li>• The <a href="#">NHS risk assessment</a> suggests BAME individuals have a higher risk at a younger age, so as a rough guide consider a BAME 55yr old's risk in the same way you would consider White 65yrs old, but the biggest risk factor is existing health conditions.</li> <li>• Once risks are identified then it would be sensible to work with your occupational health provider on how then to look at adjustments and whether staff can, for the remainder of term, support remote teaching or telephone support roles. This assessment will need to be on a case by case basis.</li> <li>• If someone in the household is shielding (part of the 1.5million), the children in that household should not be included in the first wave of students going back to school. Staff may however consider returning if they are able to practice good hand hygiene and follow the national guidelines on <a href="#">living</a></li> </ul>
---

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

<p><u>with someone who is shielded.</u></p> <ul style="list-style-type: none"> <li>It is less clear cut for children who are living in households with other vulnerable adults or siblings who are not shielded, however it is worth noting that the risk is less from younger children than older children and can be reduced through good hand hygiene. This however will be a decision that parents will need to make individually based on their personal circumstances.</li> </ul>					
<b>Measures have not been put in place to protect staff and pupils with underlying health issues, BAME staff, and those who are shielding</b>	<b>3x3=9</b>	<ul style="list-style-type: none"> <li>An equality impact assessment is undertaken for staff and pupils</li> </ul>	Yes	The BAME resource <a href="https://www.bameednetwork.com/wp-content/uploads/2020/05/BAMEed-Network-Schools-and-Covid-19-guidance-for-BAME-staff-and-their-employers-2.pdf">https://www.bameednetwork.com/wp-content/uploads/2020/05/BAMEed-Network-Schools-and-Covid-19-guidance-for-BAME-staff-and-their-employers-2.pdf</a> informs the school response in addition to DfE guidance and that from Public Health England.	<b>2x3=6</b>
		<ul style="list-style-type: none"> <li>All members of staff and parents of pupils with underlying health issues, those within vulnerable groups or who are shielding have been instructed to make their condition or circumstances known to the school, and members of staff with children who cannot attend school/nursery/childminder etc are supported. <b>18. Home to School Transport</b>				
<p>Urban Transport Group released a briefing (27 May) urgently requesting the Government to lead joined-up dialogue between the education and transport sectors on how best to resolve the operational challenges and to meet the full additional transport costs of the return to schools and colleges.</p> <p><b>Keys points include:</b></p> <ul style="list-style-type: none"> <li>Promote the use of sustainable travel and transport (i.e. modes that improve physical wellbeing for users and/or environmental quality) for journeys to and from education and training establishments for children and young people or compulsory school age in the local authority area.</li> <li>As part of their overarching role to keep cities regions moving in a manner that protects health, the environment and quality of life, transport authorities also have an interest in ensuring that the return to school and college does not create congestion, contribute to air pollution or pose a risk in terms of the health and safety of children and their parents or of transport staff and the wider public, including passengers travelling on mainstream routes that serve schools.</li> <li>In line with this, transport authorities will be looking to ensure that children are able to safely walk, cycle or scoot to school where possible. Indeed, in normal times, transport authorities invest considerable resources in promoting mode shift for school transport and in supporting and training children to travel safely and sustainably.</li> </ul> <p>The need to encourage children to walk, cycle or scoot to school sitting alongside the risks posed by a rise in speeding and other dangerous driving on empty roads. <a href="http://www.urbantransportgroup.org/resources/types/briefings/transport-challenges-return-schools-and-colleges-following-easing-covid-19">http://www.urbantransportgroup.org/resources/types/briefings/transport-challenges-return-schools-and-colleges-following-easing-covid-19</a></p>				
<b>Pick up and drop off times</b>	<b>2x3=6</b>	<ul style="list-style-type: none"> <li>As per <u>Government guidance</u>:</li> <li><i>tell parents that if their child needs to be accompanied to the education or childcare setting, only one parent should attend</i></li> <li><i>tell parents and young people their allocated drop off and collection times and the process for doing so, including protocols for minimising adult to adult contact (for example, which entrance to use)</i></li> <li><i>make clear to parents that they cannot gather at entrance gates or doors, or enter the site (unless they have a pre-arranged appointment, which should be conducted safely)</i></li> <li><i>talk to staff about the plans (for example, safety measures, timetable changes and staggered arrival and departure times), including discussing whether training would be helpful</i></li> </ul> <p><b>In addition:</b></p> <ul style="list-style-type: none"> <li>Consider opening school gates earlier so parents can</li> </ul>	N/A	<ul style="list-style-type: none"> <li>Parents visits to site will be</li> </ul>

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		<ul style="list-style-type: none"> <li>socially distance on the playground</li> <li>Stagger start and finish times to ease pavement congestion</li> <li>Consider the use of simple signage to highlight the need for social distancing: stickers (could be customised versions e.g. using pupils' designs) or simple spray, tape or chalk markings.</li> <li>Organised queuing and boarding of vehicles and distancing within vehicles wherever possible.</li> <li>Consideration of emergency school streets measures as identified in the <a href="#">Emergency Birmingham Transport Plan</a> including Car Free School Streets, parking restrictions and reducing speed limits.</li> <li>If appropriate, consider putting into a place one-way pedestrian system on the street surrounding the school with determined entrance and exits for classrooms and areas of the school.</li> <li>Pupils/staff must wash their hands/use hand sanitiser on boarding and on arrival (as is the case for all pupils), dispose of temporary face coverings in a covered bin or place reusable face coverings in a plastic bag they can take home with them, and then wash their hands again before heading to their classroom.</li> <li>Additional cleaning of designated school transport.</li> </ul>	Yes Yes Yes LA LA Yes N/A	minimised and meetings will only be held by prior appointment. Parents are discouraged from congregating around the school entrance. Posters are in place at school gates to promote this message. <ul style="list-style-type: none"> <li>Start / finish times are timetabled and shared with all students / parents.</li> <li>Students are encouraged to arrive at school promptly for their year group start time.</li> <li>Duty rota in place with staff to remind students about queueing.</li> <li>Letter sent to families regarding hygiene and public transport.</li> </ul>	
<b>Children arriving late as a result of journey to school</b>	3x2=6	<ul style="list-style-type: none"> <li>As per <a href="#">Government guidance</a>:             <ul style="list-style-type: none"> <li>➤ <b>Children, young people and parents are encouraged to walk or cycle where possible</b></li> <li>➤ <i>ensure parents and young people are aware of recommendations on transport to and from education or childcare setting (including avoiding peak times). Read the <a href="#">Coronavirus (COVID-19): safer travel guidance for passengers</a></i></li> <li>➤ <i>ensure that transport arrangements cater for any changes to start and finish times</i></li> </ul> </li> </ul> <b>In addition:</b>			2x2=4

This is a model risk assessment based on Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		<ul style="list-style-type: none"> <li>• Advise parents/carers to use various modes of transport including driving to school being mindful of the need to socially distance around the school safely. Encourage walking, cycling or scooting to their education setting where possible.</li> <li>• Identify possible park and stride sites - parents and others who do have to drive can then park (legally) nearby and walk the last part of their journey.</li> <li>• Drivers should be advised to anticipate more pedestrians and cyclists than usual, restrict speeds and avoid parking on (or partially on) pavements.</li> <li>• If travelling by public transport: check website or live bus app for revised timetables before travel; try to keep 2 metres away from people not in their household while waiting in the queue; carry and use hand sanitiser; wear a face covering if they can; sit in the window seat, leaving the seats in front and behind empty.
