

Post-16 Options Webinar

Dear Parents and Carers,

On Thursday 11th and Thursday 18th March 2021, we will be holding online webinars (for all 4 academies) with several colleges in Birmingham, who will explain the options available for students at their post-16 setting.

This will be a great opportunity to hear about the variety of courses and career paths available and ask any questions that you may have. We hope that this will help negate some of the worry and uncertainty that we have all faced and show you that it is still possible for students to look ahead and have confidence in their futures.

The timetables for both evenings are shown below, feel free to join for the whole duration, or you can join to at a certain time to hear from a specific setting (however, please note timings may differ on the evening). **The link to join the Teams call will be sent at least two hours prior to the event.**
