Ref: Building temperature resolved

Dear parents and carers,

I am writing to thank you for your patience as we have worked to bring the building temperature at Langley Walk under control.

At the start of the week we identified a problem with the air circulation system, causing high temperatures and unpleasant working conditions for students and staff in school. The system has now been fully repaired and I am pleased to say the temperature in the building is now at a comfortable level. As such, we will return to a normal school day from tomorrow, Friday 11 June.

I have been very impressed with the maturity shown by students, throughout this week. I hope the disruption has not caused you inconvenience.

Thank you again for your support.

Yours sincerely

Mrs R. Bakewell
Head of School
City Academy
