As previously stated, we would like to congratulate Year 11 students by providing them with an enrichment week.

A reminder that the official last day for Year 11 students at City Academy will be **Thursday 30th June 2022**.

Due to availability of venues, we have had to make some changes to the structure of the week.

We would like to remind all students and parents that school attendance remains compulsory for Year 11 students until Thursday 30th June 2022 and we still hold the same expectations and standards of students conduct and behaviour.

Any student who does not uphold the expected standards of attendance and behaviour, may not be able to attend enrichment week or end of year celebrations.

We hope this last week of school will give students the best send-off possible given the very unusual circumstances of their GCSE experience.

Yours faithfully,
